6	Final Demonstration	Once	Google Meet / Offline	Team Members, Project Guide, Evaluators	Present the project, answer questions, and get final feedback

Communication Challenges & Resolutions:

S.NO	Challenge Faced	Resolution I Action Taken
	Delayed responses due to different schedules of team members.	Fixed daily standup time and used WhatsApp for quick updates to ensure timely communication.
2	Difficulty in understanding technical issues between team members.	Used screen sharing during meetings and documented solutions for better clarity and future reference.
3	Version conflicts while working on the same files.	Used Git & GitHub for version control and followed proper branching and merging strategies.
